

# JUNGIAN DREAM GROUP

Share your dreams and discuss the meaning they hold with like minds, in a safe and confidential environment. Participants will have the opportunity to share their dreams with each other and look for the meaning they offer to the dreamer and sometimes the group as well. Dr. Todd will facilitate the group and offer his knowledge of dream symbolism and interpretation.

**\$75 (FOUR WEEK SESSION)**

For current group dates, general questions  
or to register please call  
**(303)670-6776**

**PLEASE NOTE:** In order to allow all participants ample time to process and share their dream, space must be limited to six people per group.

While personal issues naturally arise in a dream group, it is not meant to serve as therapy.

Sometimes people with a common interest prefer to be in a group together. If you are interested in this option, please ask about scheduling a new group.

**JOHN TODD, Ph.D., L.P.C.**  
Jungian Psychotherapist
